The second installment paid for our souls' clearance was the scene in Quarantania, a mountainous region, full of caverus, where are to this day panthers and wild beasts of all sorts, so that you must now go there armed with knife or gun or pistol. inia, we feel confident that had we the pick of Kentucky, we could have found a horse more suitable for our class of mares, either for a high class of roadsters or for extreme speed. He is a round barrel one, well muscled all round with an intelligent head, fine disposition and gentle enough for any lady to drive.

In his races he is the do or die lion-hearted kind that he is not beaten until the wire is reached more than once. We call him the champion Eastern Shore trotter for the very fact that his mark is the fastest of

"I saw White Tips in all of his races in 1899, until he left Prospect Park, Md. In his race at Timonium he won Md. In his race at Timonium he won so easily in 2:17‡ that it looked as if he might have stepped that track in 2:15 if necessary. At Prospect Park I saw him start away four open lengths behind a field of twelve, and went out around the bunch on the turn, which carried him to the extreme outside and when he got streightened into the back stretch. streightened into the back stretch, Elroy 2:17s, the leading horse, was well up towards the quarter post.
White Tips over-hauled him inside
the distance flag and nosed out in

was equal to 2:14. He is a game level
headed horse, and in all the races I saw him trot he made but one break With his natural speed and good breeding he should make a high class

white Tips was eight years old be fore ever put into training, except in smateur hands, and it took him only two seasons to make his mark of 2:17½ by a country trainer. As a sire he had no opportunity and only served a few mares in the neighbor-hood and those few are now valued, nud can't be bought at fair prices.
He, like his sire "Clay," has stamped the trot in his few gets. That shows from first handling last season he had no trouble in filling his book to a class of mares that are considered the best our country can afford. This season he will make a short early one and be ready to start for a new mark at harvest time

at \$25.00 to insure.
